PRICE TWO CENTS

Cup Cwips

—by Cuped

Rumors from Dawson College concerning years and years of waiting in line for food make us suspect that the 800 will be slightly interested to learn that 'way down in Wolfville, N.S. 602 Acadia University students are fed in 20 minutes. The reason: a super de luxe new dining hall with an assembly line system of serving. There are three steam tables with four girls working at each table; the plates go in empty and come out full.

From the Varsity we learn of "Log Cabin University," at St. Ann's, N.S. It is the only college in North America where students are clansmen. Founded six years ago by 40 fishermen and farmers derived from bonnie Scotland, it teaches Gaelic, Highland songs and dances, the tender art of blowing the bagpipes and suchlike typical Scottish things. Rev. Angus MacKenzie, director, hopes that someday the 35,000 citizens of Cape Breton who speak Gaelic fluently will also be able to read and write it.

For the benefit of those people who gnash their teeth when they happen to phone The Daily Office at a particularly gay moment and are greeted with a Voice softly crooning into their ear "McGill Daily — the oldest college Daily in Canada," here is what triumphantly hits the eyes of Dalhousie students every time they pick up a Dalhousie Gazette: "Dalhousie Gazette America's Oldest Student Publication." This is repeated on Page Two with this added in smaller type: "For more than 76 years devoted to the interests of the student body."

And here are two items garnered from the Ubysses, which, incidentally, the MacMaster Silhouette calls the Abysses. The first concerns a wave of distrust which is sweeping their campus, especially in the vicinity of the library. People are even suspicious of anyone daring to ask for "a squirt of ink." The reason an imposing uniformed figure at the door of the library. When they finally got up enough nerve to question him they found out that he is one of a group of 15 from the Corps of Commissioners scattered around the campus. They are on hand to direct bewildered freshmen and ex-servicemen and to watch for the stray student smoking on the premises, or just generally loitering around.

"Come and make an ace of yourself," is the slogan of the new Jokers Club which has suddenly sprung on the UBC Campus. All male students are eligible provided they own a yo-yo, and new members are asked to bring their own strait-jackets because the club supply is running out. This club plans to take all scholarships because "all geniuses are nuts." The club already has plans of expanding, one of their objectives being the provincial legislature: "Where else can you find so many morons in one spot?" Their next meeting will be Fee-J Day, when the Jokers will pay their fees.

To wind up, here is a piquant little article that appeared under the heading "Morts en Vacances" in Le Quartier Latin. It seems that les Anatomistes recently went on strike on the other side of the mountain. Until this year this course was given in a room so pleasing to the senses that many people found one year insufficient and took the course for a second year. But their happy hunting grounds were closed this year and their class began its Exodus and its tribulations. From room to room, and from bad to worse... They complained, and received soothing promises. But finally having arrived at a room three times as bad as the preceding one, they boiled over, had an indignation meeting and left their classroom to the tune of ebullient profanity. However it did not go any further: the death sentence, demanded by one heated Anatomist was not carried out because of the lack of volunteers. A compromise was arranged, and the hundred odd scapels have been rescued from a dangerous inaction.

INTERNATIONAL STUDENTS' DAY

All students who have had contact with any students of occupied Europe or Asia had to have information or stories regarding the role played by students in the fight against Fascism are requested to contact the publicity agents of the International Student Day committee—either Josette Marlon, M.A. 9176, Shirley Shiffman, C.A. 1214 or Barbara Jackson, D.E. 5469. The committee wishes to publish any stories of student participation in the resistance movement and would appreciate your co-operation.

The Daily Meets Dr. Koo

DOCTOR T. Z. KOO is shown on the station platform shortly after disembarking from the train. While in Montreal he will be the guest of many of the Campus Clubs on various occasions. Accompanying him is Dorothy Ing, Daily Reporter.

'One Percent of Chinese Belong to Political Parties,' Avers Visiting Lecturer

Must Know Facts About Civil War, States Dr. Koo

"Now, as the people are talking about the civil war in China, there are certain facts which they need to know. The first fact is that political parties in China, while gaining in importance, do not occupy the same place there as political parties do here," stated Dr. T. Z. Koo at the S.C.M. House last night in answer to The Daily's question on the present situation in China.

"For instance," he continued, "if we added the membership of all the political parties in China, the total would amount to just one per cent of the whole population."

He also added that the difficulty between the Chungking government and the Communists is not that their political programs are so very different but that the Communists are not only a political party, but also a rebel government in the territory of the national government with a separate army, capital, and currency. His opinion is that the clash in China is quite overrated.

Dr. Koo's lecture schedule is a full one. Tonight at 8:30 p.m. he holds open house at the S.C.M. building and will speak on "Christian Forces in China." This meeting is sponsored by the S.C.M. and the Chinese Students' Association of Montreal.

Tomorrow he speaks to the McGill students, first at Dawson at 1:30 p.m., and later here in the Union Ballroom at 5. His talk, "China today," concerns that country's students and their sufferings during the past few years.

Announce Greenwood COTC Training Plan

Maj. E. deL. Greenwood, Acting Officer commanding the McGill University Contingent C.O.T.C., announced recently that the present training policy for the Canadian Officers Training Corps is that they should be voluntary organizations as in pre-war days.

Students interested in joining are requested to hand their names in to the Orderly Room, Sir Arthur Currie Gymnasium, as soon as possible between the hours of 9 a.m. and 5 p.m., weekdays and 9 a.m. and 12 noon Saturdays.

In view of a probable change of command full information as to training is not available but it has been definitely laid down by National Defence Headquarters that training to be given will lead to the possibility of obtaining commissioned rank in the Reserve Army.

Rotary Hears Vivian On Social Medicine

The chief barrier to progress in public health lies in a lack of understanding and interest on the part of the public. Such was the theme of the address given by Dr. Percy Vivian, the director of Social Medicine at McGill. The meeting was that of the Rotary Club, and was held in the Mount Royal Hotel.

Only insofar as people are acquainted with the nature of communicable disease is it able to be controlled. Hence, health education is necessary, and it should be controlled by a public health group.

School children and industrial groups would make good starting points for such training, but the emphasis should be on long term planning for the benefit of the whole community.

Dr. Vivian pointed out that McGill leads Canada as the pioneer university in social medicine.

Macdonald Enrols Grey-haired Vet

Agricultural Student Major in First War Re-enlists in Second

Only student who has been through the two Great Wars, grey-haired Albert Engelhard is continuing his studies at Macdonald, and is the oldest student there. Taking a course in agriculture, he is benefiting from the Government's grants to veterans.

Demobilized recently, he was in both the U.S. and Canadian army, and enlisted because his son did. "I gossiped over my years a bit, and hoped for the best." Scheduled to go overseas, he was prevented from doing so by an accident which kept him in hospital at the time his unit set sail. Instead, he was given a desk job in M.D. 4, Montreal.

His son, in the American army, was in the fighting in North Africa, and was killed at Bizerte.

Albert Engelhard, a Major in the American army in the first World War, when demobilized this time, worked for a while in construction with the U.S. Navy until civilians replaced men in uniform. His next job was with the Pineapple Research Institute at the Agricultural Experimental Station at the University of Hawaii. Finding his knowledge a bit short on technical matters, he decided to implement it at Macdonald College.

Douglas Clarke Will Open Concert Series on Friday

Douglas Clarke, dean of the Faculty of Music, will open the Students Subscription Series at the first concert this Friday evening. Dean Clarke, leader of musical affairs at McGill, and former director of the Montreal Symphony Orchestra, will give a brief outline of the content and aims of the new series. He will also introduce Regina Resnik, soprano of the Metropolitan Opera, who is performing at the first concert, this Friday at 8:30 p.m.

Miss Resnik will be met by members of the Scarlet Key at Dorval airport on Thursday afternoon, when her plane from New York is scheduled to arrive. Her program for the evening appears on page two of today's Daily.

A special feature of this Campus Concert Series is the reception to be held in R.V.C. Common Room following each concert. The reception in honor of Miss Resnik, will be of especial interest to students due to the youth of the artist. All subscribers may meet this talented young star at this reception, and share in the social hour, when refreshments will be offered by the committee.

A few subscriptions are still available at \$4.00 per ticket. Tickets can be obtained from Walter in the

DOUGLAS CLARKE

Arts Building, from George in the Tuck Shop, and from Faculty representatives.

Principal James To Be Honoured At Investiture

Dr. Smith Installed Principal of Varsity Succeeds Dr. Cody

McGill's representative at the investiture of President Stanley Smith of Toronto will be Principal F. Cyril James, who will be awarded the honorary degree of Doctor of Law.

Dean Meakins of the Faculty of Medicine at this University will accompany the Vice-chancellor to Varsity.

The ceremony, which will install Dr. Smith formally as Principal of the University of Toronto, has been arranged for Nov. 8, and will be held in Convocation Hall.

Other recipients of honorary degrees will be:

Bremier George Drew, of Ontario; John D. Cockcroft, professor of Natural Philosophy at Cambridge; James B. Conant, President of Harvard University; and Norman A. M. MacKenzie, President of the University of Saskatchewan.

Messing Committee Chosen at Dawson

By ERNIE NEALE

A Messing Committee was formed tonight by interested engineering and science undergraduates at a meeting presided over by Clayton Thompson, D. C. Owen was appointed chairman by the Students Council and the following were elected to the committee: A. R. Gilmore and G. Dube will represent Science while J. Twiss and P. White will represent the Engineers.

The Messing Committee will work through Professor Gillson and intends to confer with him within a few days.

A suggestion box will be placed in the mess hall. All students may place suggestions or complaints there, thus forwarding them to members of the committee. This group plans to call a meeting of the whole student body shortly to outline their program and receive the opinions of interested parties.

Pete Tyler's P. A. Apparatus Enhances Dawson Music Program

By BERNARD COOPER

I happened to wander into the Dawson College gymnasium Monday night and noticed that there was a sound issuing therefrom which was in no way conducive to the athletic atmosphere. Jazz music was echoing from the rafters amplified by the P.A. system.

Pete Tyler is responsible for this improvement, a find worth its weight in gold to the musically minded at Dawson. Pete was a Lieutenant in the navy doing radio and electrical work, and that coupled with his experience in civilian life makes him an expert in the sound business second to few in this vicinity.

He has kindly offered to save the College a good deal of expense on amplification systems by volunteering his own P.A. complete with microphones, sound-boxes etc. Em Orlick, who seems to run everything at this institution except the

Vet Family Allowance Non-taxable Income

Veterans are not to consider money received under the Family Allowances Act as a part of their taxable income. This is to prevent reduction of veterans' benefits by this supplementary source of income.

Among these benefits is the 40 dollars a veteran gets on entering the university. It is felt that taking a veteran who is continuing his studies and carrying the responsibility of a family would defeat the purpose of government payments to ex-soldiers. Besides the college entrance allowance, other grants whose usefulness would be cancelled by taxation on family allowances are allowances paid to non-pensionable veterans of World War I, and compassionate allowances.

Deadline Is Set For Team Photos

Pictures for Annual Must Be Submitted Before January 15

A deadline of January 15 for pictures of sports teams for the forthcoming edition of Old McGill—the University's yearbook—has been established with Peter Hall taking all photographs, John Oulton, sports editor of the annual announced last night. The Managing Board has decided that no team write-ups will be required this year, he added.

All groups wishing to have photographs in the Annual should contact Oulton for arrangements as to date and place, the announcement continued. It is also desired that one representative be named by each group to attend to the proper captioning of the picture. The price of the photos, it was announced, will be five dollars, payable at the time of sitting. All teams under the control of the Men's Athletic Council, however, will be paid for by the Council, while all others must pay for themselves.

All groups are invited to submit

MILITARY DUTY IN PEACE IS SELECTED AS SUBJECT OF BOVEY SHIELD CONTEST

Dawson Debating Group Formed; Middlebury Eliminations Today

St. Johns Desires Active Participation

Dawson has complained to the Debating Union that it is too far away to take effective and satisfactory part in the debates organized on the campus and with other universities. As a result they feel they are entitled to their own branch of the debating society.

The Debating Union therefore has announced its intention to incorporate a Dawson College Debating Union as a separate entity inside the parent body at McGill. Boris Bierbrier, treasurer on the Debating Union Executive is going to Dawson today to act as chairman for the Bovey Shield competition. At the same time he will assist in the formation of the debating society. All debaters interested are requested by the Debating Executive to attend the organizational meeting which is to be held in the Recreation Hall at 7:30 p.m.

Place of Fraternities On Campus Is Topic

Eliminations for the debate against Middlebury University, which is to be held early in December, will be run off today at 1 p.m., in Room 2 of R.V.C.

The Debating Union has completed arrangements for the debate and it has been decided that McGill as hosts will have the choice of topic with Middlebury choosing the side. The visiting team will be composed of co-eds and in all due courtesy, McGill will limit their team to co-eds as well. The topic that has been decided on is "Resolved that fraternities are beneficial to college life."

Participants are allowed to speak on either side of the topic but they must limit their speeches to five minutes length. All present will act as judges with a preferential ballot being cast. Those participating are asked to be on time so that all the speeches may be heard during the crowded noon hour.

CAScW Presents Lecture Series At Montreal High

V.D., Race Problems, Television, Universe, Will Be Discussed

A series of scientific lectures will be presented, during the coming winter, under the sponsorship of the Canadian Association of Scientific Workers. All seven talks will be given in the Montreal High School, and are of social as well as scientific importance.

The subjects which are to be discussed are as follows: "Venereal Disease," "Science and the Race Problem," "Brain, Mind and Personality," "The Direction of Science," "Television, Now and Tomorrow," "The Canadian North," and "The Structure of our Universe."

A certain number of seats will be reserved for subscription-takers at the rate of \$2.00 per season, and arrangements can be made with Fred Barton in the Engineering Building, or in room 257 in the Biology Building.

Herewith is a summary of the first few lectures, with short biographies of the speakers:

Dr. F. Kalz will give his lecture on venereal disease on Friday, Nov. 30. He has studied at Prague and at Paris, where he received his doctorate of medicine in 1930. He later specialized in Dermatology and Venereal Disease, coming to Canada in 1939 to continue his research. He is at present a physician in the Royal Victoria Hospital and a lecturer at this university.

The next lecture on "Science and the Race Problem," will be given on Friday Jan. 27 by Dr. Gene Weltfish. Dr. Weltfish is using her science to militate against master-race theories, and she has become known as co-editor of the book "Races of Mankind," of which more than 7,000 copies have been sold. She is at present an instructor in the Department of Anthropology at Columbia University.

The director of Neuro-psychiatric Research at the Allen Memorial Institute, Dr. Karl Stern, will deliver the third lecture on "Brain, Mind and Personality" on the first day of February. Dr. Stern graduated from Frankfurt University and was attached to the Research Institute of Psychiatry in Munich until he came to London, in 1936, to the National Hospital for nervous diseases. From there he moved to the Verdun Protestant Hospital where he stayed, until the opening of the Institute of which he is now a member brought him to McGill in 1944.

Announcements of the remaining lectures will be made at a later date.

Manitoba Juniors Petition Premier

Students Maintain Conditions at College Unsuitable for Study

Winnipeg, Nov. 6. — The Junior Division of the University of Manitoba has laid a petition before the premier of Manitoba, representing that the conditions in the section of the University which is in the city are unsuitable for study.

Sponsored by the Broadway Campus Committee, the petition was made available to all students, and all those in the Junior Division were asked to sign.

The petition read as follows: We, the undersigned students at the Broadway site of the University of Manitoba desire to register our dissatisfaction with the physical conditions under which we are attending classes.

The congestion of classrooms and insufficient accommodation for study and meals is deplorable. The fire hazard is by no means slight, and the present ventilation is decidedly unhealthy. The faculty, labouring under such handicaps deserves high commendation, but we feel that these conditions are unfair to them and in the interests of successful study.

We are fully aware of difficulties that must be faced, but we demand the following necessary, and, we believe, reasonable improvements immediately:

1. The Canteen enlarged, stocked and staffed to serve students with appetizing and inexpensive refreshments.
2. The janitorial staff increased and sanitary conditions improved.
3. More lockers supplied, and if this is impossible, hooks for coats attached to the back walls of classrooms.
4. Additional drinking water fountains installed and kept in working order.
5. Air-conditioners installed in the library, and ventilation generally improved.

DAILY STAFF

There will be an organizational meeting of all Daily reporters at 5 p.m. today in the Union Ballroom. This meeting is not only intended for senior reporters and to assign beats, but as a means of forming a more efficient schedule.

The purpose of this meeting is (1) to assemble the staff in full force and acquaint the reporters with their duties, (2) to assign definite nights for individual reporters, and (3) to allocate regular campus beats. Hence the Managing Board has stated that not only senior reporters but all members of the staff are expected to attend.

Students New To University May Compete

Tonight at 5 p.m. and 7:30 p.m. respectively the Bovey Shield Impromptu Debate competition will be run off at the McGill Union and the Dawson Recreation Hall.

The President of the Debating Union, Isadore Rosenfeld announced in a statement to the Daily that the topic of the debate will be Resolved: that one year compulsory military service for all able young men between the ages of 18-21 is in Canada's best interest.

The lists have been posted in the Engineering Building, Arts Building, R.V.C., and the Union and students are advised to sign them before 4 p.m. today. At Dawson the list will be removed at 7 p.m.

The time for the eliminations at Dawson had originally been set for 8 p.m. but due to a crowded agenda and transportation difficulties, the time has been advanced one half hour.

The Bovey Shield was donated several years ago by Colonel Bovey to stimulate Freshman debating talent. This handsome trophy which is open only to students who are entering McGill for the first time remains the property of the winner for one year at which time it is put up for competition again.

The contestants are limited to five minutes in their speeches but they may speak on either side of the topic, in English or in French. The best two speakers at both McGill and Dawson will advance to the finals which will be run off shortly.

For the competition at Dawson, the Student's Executive Council has decided to select the judges. Boris Bierbrier, treasurer of the Debating Union, will go down to St. Johns and act as chairman of the meeting.

For McGill three judges have been appointed in the persons of Professor Larivière, of the French department, Professor Laviolette of the Department of Sociology and Mr. M. Bernfield, K.C., noted Montreal barrister. In the chair for the meeting will be Isadore Rosenfeld, President of the Debating Union.

It is anticipated that Colonel Bovey, donor of the shield, will be present. All students who are interested in hearing the speeches are invited to attend by the Executive of the Debating Union.

Participants are requested to arrive as early as possible so that they may be briefed on the rules of the competition and all difficulties may be ironed out.

WORLD EVENTS

Chungking: U.S. Marines in North China will probably go home by December 5, with full-scale civil war apparently imminent.

Batavia: Dutch offer Indonesians "partnership" in the Netherlands East Indies, but the rebels indicate a stand for full independence.

Ottawa: Victory Loan total nears \$1,200,000,000.

Windsor: Ford strike situation brightens as Labor Minister Mitchell hopes to organize a union-company meeting today.

Washington: Allied-imposed armistice terms for Italy, secret for two years, revealed as being severe as details are published.

Paris: Dominant, left-wing bloc in Constituent Assembly demands sweeping nationalization of key industries.

New York: First reports show O'Dwyer leading Goldstein and Morris in mayoralty election.

Dublin: De Valera says Eire has no intention of severing its British Empire ties.

Wildcats Meet Verdun Grads Tonight in QRFU Contest

Grads Seeking Revenge On Injury-ridden Locals After Recent 5-0 Defeat

Shannon and Futterer Missing As Joseph Returns to Line-up

The curtain descends tonight on the home schedule for McGill football squads as the Wildcats face the visiting Verdun Grads at Molson Stadium in a QRFU tilt beginning at 8 p.m.

Battling to escape the cellar position, the Grads will be out to trip the injury-ridden locals. Beaten last time, 5-0, Coach Ewart Jones' boys feel with the added practices under their belt they will reverse the count.

However Stu Smith feels that his Wildcats pack enough speed and versatility to trample under the challenge. "We played them on a pond last time. Give us a dry field and we can win by at least two touchdowns," were the words of the Wildcat coach.

SHANNON AND FUTTERER OUT

Lacking Clarry Shannon and Futterer both of whom are laid up with injuries from the last Grad game, the McGill bunch will have their work cut out for them. With the return of Dick Joseph, who missed the first game, the middle slot will be well filled. Added to this the smart of their 20-0 defeat by the Tigers, has stung the Wildcats into a fighting mood.

Next Saturday sees the newly crowned QRFU champions, the Tigers, facing the Grads at Notre Dame Stadium in the last game of the season. Johnny Bennett wants his boys to finish the season undefeated and the Tigers will be out to win for their coach.

LINEUPS

Probable starting lineups for the Wildcats will be:

Cave	QB
Kowal	RH
Piper	LH
P. Finlay	FW
A. Finlay	QB
Darragh	Snap
Ince	Ins
Shatner	Ins
Benjamin	Mid
Joseph	Mid
Coady	Out
Beatty	Out
Wildcat subs: Barbeau, Robb, Robinson, Shannon, W. A. Wolfe.	

Net Championship At Stake Today

Ramsay Plays Spencer In Crucial Indoor Tilt Both in Good Shape

At 2 p.m. today at the Montreal Indoor Tennis Club, Colin Ramsay and Jack Spencer will battle it out for the McGill tennis title — no weather problem this time.

In view of the boys' record, this match should prove to be one of the best this year. Ramsay took top honours last year while Spencer has the distinction of a win over Oka champion Ray Lanevin by the imposing score of 6-4, 4-6, 6-3. Both were members of McGill's intercollegiate team.

Despite the fact that the ball has a slightly different hop on an indoor court, players of this category usually have no trouble in changing their timing to cope with that factor. Balancing this handicap will be the warmer indoor temperature which will permit them to open up a little more than in an outdoor game at this time of year.

Both boys took advantage of today's balmy breezes to put a few finishing touches on their cross court and net tactics—the power-plays of tennis. Tennis manager Johnny White seems satisfied that both are in top shape and advises anyone who wants to see some real tennis to take in tomorrow's match.

Meds. Take Two As Eng. 2, Comm. 3 Default Twin-bill

Softball League Begins Play-Offs Next Week; Competition Seen Stiff

Med. 1 and 2 won a game each last night when Eng. 2 and Comm. 3 did not show up for scheduled games of the Softball League.

John Burroughs, the Softball League manager, reports that beginning next week the play-offs will be on the agenda for the soft-balls. Arts and Science 2 has won first place in Section A, and Arts and Science 3 and up in Section B. Sections C and D still have to produce their championship contenders with Eng. 3, defending Champions, and Phy. Ed. being in the most favorable positions in their respective sections.

The postponed games between Arch. and Med. 2, Arts and Science 1 and Eng. 3, and Grads and Phy. Ed. will be played whenever the teams' managers determine the dates by phoning John Burroughs at L.A. 6307.

Thursday's games: 5 p.m. Grads vs. Comm. 3 and 4; 6 p.m. Med. 3 vs. Arts and Science 1.

League Standings

SECTION A			
Arts and Sc. 2	P.	W.	L.
Arts and Sc. 2	3	3	0
Med. 1	3	2	1
Eng. 2	3	1	2
Comm. 1	3	1	2
SECTION B

SECTION D			
Phy. Ed.	P.	W.	L.
Phy. Ed.	2	2	0
Grads	1	1	0
Eng. 4	3	1	2
Comm. 3 and 4	2	0	2

Swimming Meet Held Next Monday at K of C

Next Monday afternoon, Nov. 12, at 5 p.m., the Knights of Columbus pool will be the scene of swimming action. It is here, and probably for the first time on this Campus that there will be an inter-squad meet.

The letter men will be swimming against the non-letter men. A winner in all probability will be chosen for the intercollegiate team. This team will definitely be paying a visit to Dartmouth University in New Hampshire in the very near future.

A water polo squad may be taken along, depending upon the turnouts and the potentialities at future practice.

At present the swimmers are training hard, and they augur well for bringing intercollegiate honors to McGill.

All students with aspirations of making the team are urged to turn out next Monday afternoon.

Coach—"What this team needs is life."
Manager—"Oh, no, thirty days is enough."

Redmen Hit Hard by Injuries; Prepare for Toronto Invasion

"We can't afford any more" was Doug Kerr's comment on the injury problem as he put his stalwarts through their paces in preparation for Saturday's invasion of Varsity stadium.

Brian Little is still undergoing heat treatment on his leg and isn't likely to play at all this year. The coaching staff had expected a great deal of Brian, not only through his playing but also because of the spirit he instills in the other players. His driving force was most noticeably missed in the first Western game here.

MORE TROUBLES

Doug Heron, the coach points out, has played less than thirty minutes so far and there is little chance that either he or Dave Townsend will be ready for the Toronto fray. However Heron dressed for the practice last night so there is some hope of his recovery by Saturday.

The coach is still sad over the bad breaks which led to the Redmen's defeat at the hands of Queen's tricolour last week. But he

is proud of the showing they made, in spite of the final score, and, in his opinion, Western could be beaten with the brand of football displayed against the Kingston outfit.

Currently he is concentrating on a defence against Varsity's expected air attack and perfection of offensive plays. Toronto is, as yet, an unknown quantity, but on their showing against Western, Kerr expects to win Saturday's game.

TORONTO TRIBE

At Toronto, coach Warren Stevens has been building his team with an eye to next season but some of his men have already had considerable experience. Notable among these are Mel Lawson and Stew Scott, who have been outstanding in all the games Varsity has played so far.

Tonight's practice at Molson stadium will take the form of a game against the QRFU Tigers. The decision was made late last night and Johnny Bennett wants all his players to turn out for the 5 o'clock session.

Dunlop Road Race To Be Held Nov. 10

The five-mile race for the trophy donated by the Montreal Standard will be run next Saturday, November 10, at 3 p.m. starting at the North Branch 'Y' and continuing over the old Dunlop course. McGill will enter several teams, and Dawson College has also been training for the event.

This opportunity will also be taken to run the McGill Intercollegiate race. Three men will form an intercollegiate team, and all those interested are asked to turn out. At the same time the Provincial race will be run off, the first three men receiving medals.

This well known track fixture is being renewed after a two year lapse. In 1943 Lloyd Evans finished first, while McGill's Andy Gillespie finished second. This year the outstanding colour bearers for McGill will be Ballon, Henry McKenzie, Gillespie, and Coady, while it is hoped that Brewerton may be able to compete.

Snooker Tourney To Begin Today

Veteran Cue-Men Vie With "Dark Horses" In Field of Sharks

Noon to-day marks the beginning of first round play in the annual McGill Snooker Tournament and with a bevy of dark horses chalking cues this year it's hard to say who will have been forced to "hang-up" when the week's play is completed.

Among players expected to go a long way this year are last year's runner-up G. Jobin and semi-finalists Topkins and Korman. Davidson, Tammard, Gunn, Amsel, Shacter and Sherman are other sharks whose skill is not to be denied. Breaks count for a lot, in tournament play especially when the boys are paying a little more attention to position.

The winner receives \$5, and \$3 in pay dirt goes to the runner-up. Players are asked to consult the draw sheet in the Union Billiard Room and arrange to run off their games as soon as possible and to try and confine their games each day to the allotted hours between noon and 2 p.m. The rules used are to be decided by the contestants before they begin each game.

The little girl was informing every passer-by that she had a new little baby brother at her house.

"That's fine," said one, and thinking to be facetious, went on to ask slyly, "and is he going to stay?"

"I think so," was the reply. "Anyway he's got his things off."

M.O.C. Mumblings

by Stew

This weekend is your chance—you'll find everything you want up north at Shawbridge with the M.O.C. There's trail-clearing and food and singing and square-dancing (you don't have to be an expert) and food and food.

You can come up for Saturday and Sunday, or just for Sunday. The trains are: Saturday at 2:10 from Central Stn., Sunday at 8:15 from Park Avenue Station, and Sunday at 9:15 from Central Station. If you come up for Sunday only, be sure to bring a lunch—you'll be hungry—and lots of warm clothes. Any further information, just phone Charlie Van Wagner at EL 5838.

Then, if you're the particular kind, riding on the mountain should please you; this week it's on Friday, and you meet in front of R.V.C. at 1:45. It'll do wonders for—ah—you. Di MacIntyre at WA. 8872 will tell you all about it. Boys sign up in the Currie Gym, and girls in R.V.C.

Interne—"Are you married?"
Patient—"No, I've only been run over."

FRI, NOV. 9 to TUES, NOV. 13

Student Athletic Council Approves Basketball Trip And Ski Jaunt to U.S.

Hockey Loop Tentatively Set; Swimmers to Visit Dartmouth

Continuing the trend towards the full resumption of Intercollegiate Athletics, last night's regular monthly meeting of the Students' Athletic Council gave full approval to the Red and White basketball squad to engage in another contest with an American University, besides the two already planned, sanctioned the sending of a ski team to Dartmouth for an invitation meet on February 9, and set up a committee to publicize all McGill athletic events.

The basketball team has two home games on tap, with Clarkson College scheduled to appear here on December 8 and the Middlebury aggregation set for a tilt on January 26. In addition to these two games, the Council approved a trip to the United States with the date to be decided on later and according to Basketball Manager George Schneider a possible home and home series may take place.

The ski meet was originally to be held with McGill as hosts to the visiting team. However, under present conditions, McGill has been unable to "do the duties" and a contest has been arranged with the Dartmouth Indians sponsoring the invitation meet.

TENTATIVE LEAGUE

A tentative hockey league for the McGill Senior entry was discussed with University of Montreal, Wright Cyclones, Verdun Maroons and a possible McGill Grad team as the other entries.

A committee was also appointed to look into the possibilities of intercollegiate squash and badminton taking place and the Swimming team was granted permission to

School Invitation Basketball Meet was formed. Those attending were Peter Turcot, Dick Balfour, Allan Knight, Bill Reid, George Schneider, Irwin Fineberg, Frank Rogers, Lear Wood, Ross Swinden, Herb Shayne and Athletics Manager Forbes.

Fond Mother—"What's the matter Stanley?"
Little Stanley—"P-p-papa hit his finger with the hammer."
Fond Mother—"Well, you needn't cry at a thing like that. Why didn't you laugh?"
Little Stanley—"Still crying" — "T did."

WHAT DO YOU PLAN TO BE

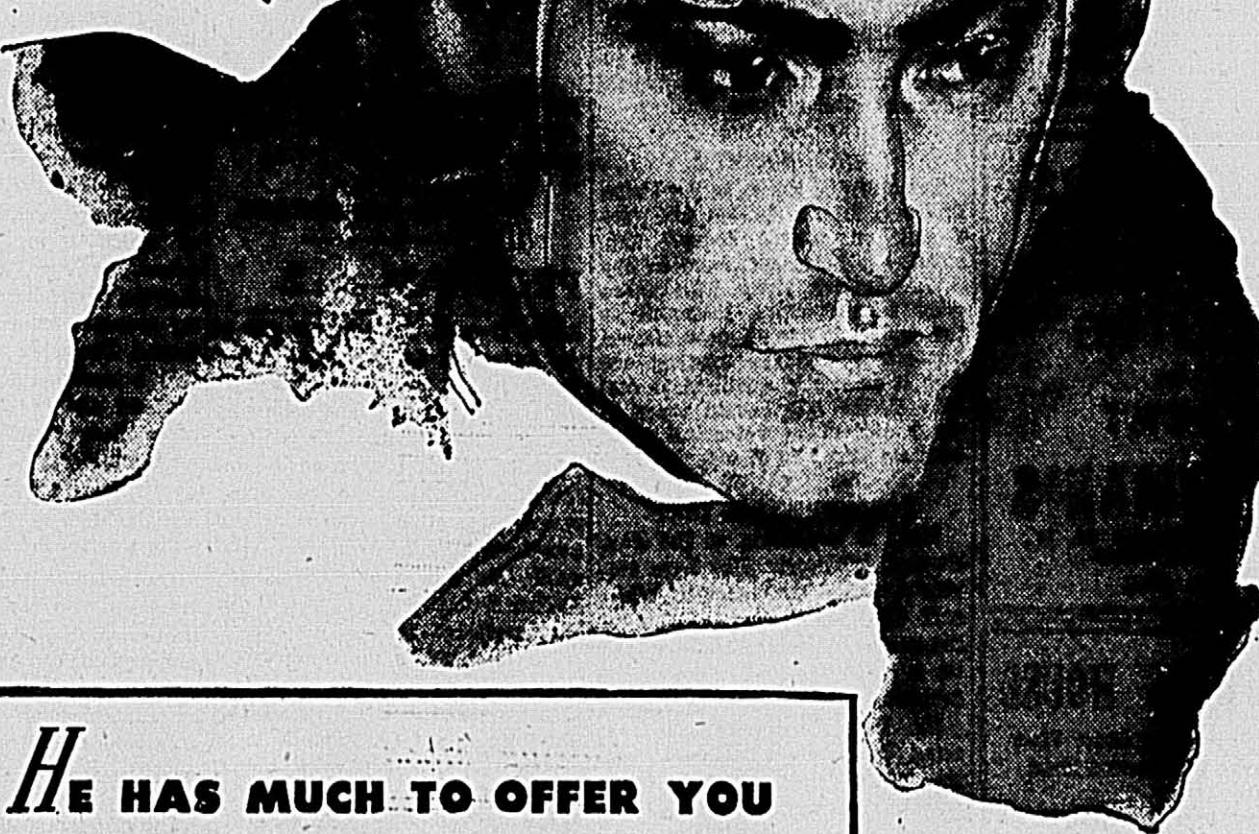

A Dentist?

This is going to hurt...
An unexpected drain on your pocket book due to illness, accident or some other cause, can be a painful experience too, particularly if funds happen to be at low ebb. Under these circumstances wise men and women arrange a personal loan at the Royal Bank to meet such temporary emergencies. Then they pay the bank back by convenient instalments out of income. We make such loans every day, for any reasonable purpose. It's a service worth remembering.

He's ready to go to WORK!

HE HAS MUCH TO OFFER YOU

This man has thousands of Air Force counterparts. Alert, capable, they are coming home with a matchless background of achievement, keen to gear their many specialized qualifications to the wheels of civilian industry. Pilots, air gunners, navigators, groundcrew men, all have precise technical knowledge in many fields readily adaptable to peacetime needs. They have thrived on responsibility; proved their ability to think and act in split-second emergency. For in the air they've been on their own.

Employers across Canada need men like these!

Department of Veterans Affairs and Employment Service Offices have been open in every province. Why not check with the one in your locality?

Club News

MATHEMATICS CLUB

The Math Club designed to present side-lights not met with in class will hold its first meeting Thursday, Nov. 8, at 1 p.m., in room 37 of the Engineering Building. The speaker will be Professor Gordon Pall of the Mathematics Department, who has written for the Encyclopedia Britannica. His topic will be "The Theory of Numbers." Professor Pall is well known for his ability and for his interest in the club.

Membership is open to all and there is no charge.

POLITICAL SCIENCE CLUB

The first lunch-hour meeting of the McGill Political Science Club will be held on Wednesday, Nov. 7, at 1 p.m., in the Music Room of the McGill Union (walk upstairs and it's next door to the ball-room). The speaker will be Robert Cox, and his subject of universal interest—French Canada. A discussion will follow.

PROGRESSIVE CONSERVATIVE CLUB

The proposed constitution of the Progressive Conservative Club was adopted at yesterday's meeting with amendments. The general argument to be presented to the Students' Executive Council was also adopted. The purpose of the club was declared to be: "To stimulate political thought, to give its membership an opportunity to study politics and national affairs, and to arrange for the presentation of the Progressive Conservative policy at the Model Parliament" and it was stressed that membership would be open to all students who are in sympathy with this purpose, provided they are not members of any other undergraduate political club.

Peter Vivian, who was elected as temporary President at the last meeting, presided over the meeting.

BRIDGE CLUB

The following are the groups as they will play at tonight's duplicate bridge club meeting. We would ask all players to be present before 8 p.m. as play will commence in full group at that time.

Group A: Moor-Blackwell, Morin-Eddie, Clouston-Jackson, Carling-Layton, Lask-Temple, Bancroft-Glen, Goring-Poland, Sahnay-Franklin.

Group B: Bryant-Robertson, Watson-Seale, Ridewood-Triganne, Easterbrook-Thurber, Levy-Winthrop, Ault-Wooley, Ross-Winter, Gilmour-Galbraith.

Group C: Marshall-Davis, Barnes-Taylor, Steves-Moffat, Wolman-Wolfe, Hood-McGibbon, Selchman-Glassman, Haley-McKim, Buck-Mayer.

S.C.M.

Dr. T. Z. Koo, McGill's noted visitor from China, will speak on "Christian Forces in China" tonight at 8.30 at the S.C.M. House, 3574 University St. This meeting is sponsored by the Student Christian Movement at McGill and by the

Chinese Students Association. Chinese refreshments will be served at the close of the evening. All McGill students are welcome.

WOMEN'S DEBATING SOCIETY

Eliminations for the debate against Middlebury University will be held today in room 2 of R.V.C. at 1 p.m. Please note this correction in the place of meeting. The competition is for co-eds only and all women students are invited to attend. The judges will be the president and two other members of the executive of the Men's Debating Union.

The topic for the debate will be "Resolved: that fraternities are beneficial to college life." Participants may speak on either side, the time limit being 3 minutes.

VETERAN'S SOCIETY

The McGill Students' Veteran Society: Entertainment Committee, will hold a meeting on Thursday, Nov. 8, between 1 and 2 in the Music Room of the Union. All members are requested to be present as well as any interested veterans—particularly ladies.

SPANISH CLUB

On Thursday at 8 p.m. in the Union Grill Room Senor Rojo will talk on "Vision de la democracia en Chile." Senor Rojo, now teaching at McGill, was born in Chile and obtained his B.A. at the University of Chile after which he was made State Professor. Senor Rojo is an expert on South American countries.

The Spanish Club will also elect an executive; the following nominations have been received: President: Leon Davicho, Nora Magid; vice-president: Marie-Claire Kirkland, Movica Bendzilis; secretary: R. M. Burke, John Chipman; treasurer: Maria-Isabel Prados, Cicely Ambridge; publicity manager: Rosemary Allen, Andre Lamontagne; Spanish department representative: Lya Popper, and another Spanish III student.

Elections will start at 8 o'clock and students are asked to be punctual. Refreshments will be served after the meeting.

HILLEL

The McGill Hillel Foundation will hold its opening event of the season in the form of a party tonight in the Union Ballroom at 8:15 p.m. The program planned will include movies of Hillel at Cornell University, which Rabbi Soltes directed before coming to McGill, a dance solo by Vivian Epstein, and Ed Bernfeld playing the harmonica. This will be followed by dancing for everybody.

Today at 3 p.m. is the deadline for handing in nominations for Freshman Representative to Hillel. The names must be endorsed by ten other Freshmen, and turned in at the Hillel House, 3460 Stanley St. Elections will take place at the opening party in the Union Ballroom tonight.

The Hillel Foundation joins with seven other major clubs on the campus in sponsoring a talk to be given by Dr. T. Z. Koo on the topic "China Today" on Thursday afternoon at 5 p.m. in the Union Ballroom. All members are urged to attend this meeting which should prove of vital interest.

B.W.I. SOCIETY

Tomorrow at 5 p.m. in the Union Ballroom Dr. T. Z. Koo will give a talk on "China Today." This meeting is being sponsored by the B.W.I. Society along with seven other campus clubs. Inasmuch as the subject is one of great current importance and the speaker one who is eminently qualified to deal with it, the talk should prove of great interest and value. All members are urged to attend.

STUDENT LABOR CLUB

What is happening at the Ford Plant at Windsor? Why have provincial police been sent to Windsor? What are the implications for the rest of Canada? How does this tie in with Canada's reconversion problems?

Mr. Neil Carruthers who has come to Montreal "straight from the picket line" at Ford's will answer these and many more vital questions today at 5 p.m. in the Union Grill Room at a meeting sponsored by the Student Labor Club.

Mr. Carruthers is a plant chairman at Ford's, a representative of Local 200 of the United Automobile Workers and has been active in the negotiations and strike action that have taken place. Further he is in constant contact with union executive members in Windsor at present and can therefore present a detailed picture of the situation.

All students are urged to attend this meeting to find out as much as possible about the situation.

S. C. M.

Tonight at 8.30 p.m., there will be a special "open house" meeting for all students at the S.C.M. House, 3574 University St. where Dr. T. Z. Koo will open the first of his series of addresses at McGill. The topic for the night will be entitled "Christian Forces in China" but after his address there will be an informal

gathering at which students will be able to meet him.

Dr. Koo comes to McGill as a representative of the World's Student Christian Federation, under the auspices of S.C.M., and is a well known figure for his work and gifted speaking.

This meeting, tonight, is sponsored by the S.C.M. and the Chinese Student's Association of McGill.

INTER VARSITY CHRISTIAN FELLOWSHIP

The Bible Study which usually takes place on Thursdays at 5 p.m. will be changed this week to Wednesday at 5 p.m. in order that all members may hear Dr. Koo on Thursday. Doctor Koo has held important positions in China as well as acting as a delegate to several international conferences. He is therefore well suited to speak on the chosen subject "China Today."

ENGINEERING DEBATING SOCIETY

Thursday, Nov. 8, there will be a Hat-box discussion at 1 p.m. in Room 37 of the Engineering Building.

McGILL ELECTRICAL CLUB

The McGill Electrical Club will go on an industrial tour to visit the Montreal Tramways Company on Thursday afternoon. Members will catch buses at the Roddick Gates at 2 p.m., which will take them to the M.T.C., and later bring them back.

Dawson Hobby Club

The first meeting of the Dawson Hobby Club was held on Tuesday, November 6. A central club was formed with Keith Bartram, Eng. 1, as chairman and Marshall Green, Eng. 1, as Secretary. This club is divided into three groups — radio, model aircraft and photography. Anyone interested in any of these hobbies should contact Keith Bartram, Building 28, Room 15.

LETTER—p. 2

1 person voting for the motion? Not only was that motion seconded from the floor, but the motion was proclaimed carried by me only after no opposition was displayed by the members and audience. Just by the way I should like to remark that we were not holding anybody's arm down, and the brave soul who wrote the letter could very well have raised his arm in opposition if he so desired.

Actually I feel by the general tenor of the letter that the actual proceedings at the meeting of the omissions of the Political Science Writup in the Daily, is not what is aggravating R. His letter is an accusation of our club for employing "Communist Tactics." I hope I do not appear too naive if I say that I do not know what he means. All I do know is that the Nazis and Fascists always use that alibi to fight every evidence of democracy in their country. Moreover, if applying Parliamentary Procedure, such as is used in our own Parliament, is Communist, I can suggest only two possibilities for R—to go to Argentina or to help rebuild the fascist party here.

EVERLYN MINDES, President Student Labor Club. B.A. 4.

OH, ME

The Editor, McGill Daily.
Sir: As for Mr. Minde's column of November 5 . . . ? ? ?
Yours sincerely,
ENOTSLEDE.

PROGRAM—p. 2

Anton Dvorak. Dvorak was one of the leaders of the great nationalist movement in Czechoslovakia during the last century and following in the path of Smetana, he composed much of his work from the inspiration of folk-music. His music is colorful, often exuberant, and overflowing with fresh and vital spirit. The well-known "Songs My Mother Taught Me," is one of his Zigeunerlieder or Gypsy Songs. The last part of the concert will consist of four songs by more modern composers. "The Song to the Sea" by Granville Bantock is a portion of a longer work called "The Sea Woman" and was inspired by the composer's trip to Scotland in 1893. Granville Bantock was very advanced for his time and offered many thrills to the musical world when as a young man he attempted such works as the choral and orchestral rendition of Omar Khayyam; however he did not keep pace with later developments and his work is little known to contemporary audiences excepting for his songs which are still considered very fine.

The last three songs on the program will be "Moon-Marketing" by Weaver, "Do You Remember" by Levitzki and "Bird of The Wilderness" by Horsman.

DORATI—p. 2

appearance during the second half of the evening in the Rondo-Capriccio by Saint-Saens which was very warmly received in spite of a broken string and the necessary pause for repairs. Mr. Francescatti generously responded with two encores which unfortunately did

SPARTAN SNOOKER

Research Shows the Greeks Really Had A Game for It

I have often been a prey to a certain wanderlust, and in my peregrinations about the noble edifices of my revered and august Alma Mater I have in my day noticed many strange and wonderful things hidden, like Wordsworth's Solitary Reaper, from the ordinary eye. It so happens that the writer is one of the very few people in the history of this University who has endeavoured to conduct a general research on the influence of certain types of recreation among the ancient Cretans, and in this connection certain startling facts have come to life which, previously shrouded in the secrecy of the ages, are now able to be made public.

If I may quote, ah distinctly I remember, it was in the bleak December of 1942 that I was musing in the Redpath Library on a thesis that I was writing at that time for my third Ph.D. I may interject at this point that I have, while musing, the unfortunate habit of walking up to walls and pressing my nose against them.

This, I may add, is a personal idiosyncrasy, and I confess, one of which I am not particularly proud. However, little did I guess that the particular wall upon which my proboscis leant so gently on that fateful December 16 was to have such a profound significance in my life and disturb the normal trend of so many others. For upon that wall, and I say it with simple un-

not give him a very good opportunity to show his skill. The balance of the program was made up with "La Reine Mab" by Berlioz and Anton Dvorak's own arrangement of Strauss' Rosenkavalier Dances. This latter was a most spectacular performance of very colourful Strauss music. The concert opened with the Fidelio Overture by Beethoven.

The program will be repeated tonight at 9.30 p.m.

REPORTERS' MEETING

An organizational meeting of all Daily Reporters will be held tomorrow at 5 p.m. in the Union Ballroom. Everyone working for the Daily must attend.

The purposes of this meeting are threefold: first, to assemble the staff in full force and acquaint reporters with their duties on the newspaper; secondly, to assign definite nights for individual reporters; and thirdly, to allocate regular campus beats.

This meeting is not intended only for senior reporters, nor for the specific purpose of assigning beats, but to form a more organized reporters' schedule.

The —Managing Board.

Under the Sink With Georgie

Drip, drip, drip, . . . PLUNK . . .

Ah! Here we are . . . Monkey Wrench near at hand (plug, plug, plug); but er, we call upon our assistant to do the dirty work, lets turn on the B-E-E-R (40 on the frequency modulation band—as if you didn't know).

ENGINEERING NEWS

Flash-Flash-Flash. E. U. S. wins in Med-Plumbers' Ball Issue. Climaxing a long and bitter struggle for the outright honors of McGill's razzle - dazzle - fazzle affair, your social committee will next spring stage THE one and only "Plumbers' Ball".

P.S. No bones attached.

The near future date is of course November 16th, the place, the Union ballroom, where we shall "We are — We are — We are" to the tune of Johnny Holmes' plinking. Plumbers-make it a point to keep that date — November 16th, we are host.

LOCAL DRIPPINGS

Our Civils are going democratic the whole hog; nothing less than a secret ballot to elect their 1945-46 executive. Nominating deadline noon today; so come on you Civils, get on the plum — five John Henry's per candidate. All nominations to be left with either Carlos Calderon or Rudy Scarabelli.

Continuing their packed schedule of Plant surveys, the "mud-lubbers" will visit Vickers this coming Friday afternoon. This of course means another rainy day.

Speaking of nominations, let us not forget the forthcoming Student Council Faculty Representative election and that of the Scarlet Key. None of this acclamation stuff for the Plumbers; get out and nominate your man—give him a chance to prove his carbon content.

Next Monday afternoon, Nov. 12th, the Montreal Coke and Manufacturing Co., will play host to the Chemical Society. This will be the follow-up to a talk delivered last Monday by H. R. Held, chief chemist of that Firm.

From all reports, our first year at Dawson's is doing surprisingly well in the plugged pipe department. As soon as we get our connection caulked, THE SINK will also feature Dawson condensate.

And here is a notice to ALL Plumbers. If YOU know of some interesting or humorous doings within our Sanctuary which is not covered by a class, society, or committee representative, make it a point to let your Publicity Department in on it. This also goes for ideas and suggestions concerning the E.U.S.

ENGINEER OF THE WEEK

Polishing our brand new spot light, we focus it on Mike Kilbertus, second year sports manager. His energetic handling of the soph's team—organizing problems, has won him this week's distinction of being the hottest plumber this side of hades (Considering a volumetric class coefficient of .275, he definitely plays a big pipe). Mike's system of recruiting talent is being adopted by his senior brothers and believe me, with all the vet prospects augmenting the general run of athletes; there's gold in that there hovel. Of course his zeal in arranging for distinctive sweaters is not conducive to cooling Mike's popularity among his second strato classmates. Just to indicate Mike's effort, the latest reports have it that Kilbertus will sport two basketball teams from his class, not to say anything about hockey, etc.

In presenting this column, the E.U.S. makes no bones about intent. We want the campus at large to have an intimate glimpse into Plumbers' Paradise (known also by various other names) and learn of our doings — our doers. We want our fellow students to see how we have sport and fun though slaving under a thirty plus hour a week. Then perhaps you will understand our spirit, our achievements, our success in sports and our second-toned constitutional set-up.

This we hope, will provide the spark to light the fires of faculty promotion. So come out wherever you are — you Arts and Science men, you medicos, you lawyers, com's and what have you. Let us hear from you, and in the light of broader understanding, may we attain closer comradeship and unity of McGill spirit.

Join us again next week—UNDER THE SINK.

DEADLINE—p. 1

Informal snapshots of their activities for the Annual's Campus Life section, Oulton said, and these should be glossy prints if possible. Groups who do not intend to have their picture taken are requested to notify the sports editor immediately.
